To Whom It May Concern:

I would like to express my appreciation for the tremendous job that Atlantic Southern Paving does for us throughout the state of Florida on our AAA properties. They provide an unusual level of attentive care to the process and ensure that the project is completed on time, always being sure to pay close attention to detail.

Todd Stanislaus is our Project Manager, and we truly appreciate the level of personal service and communication we receive from him. I can always count on Atlantic Southern Paving for a job well-done, and I would not hesitate to recommend them for your parking lot needs.

Sincerely,

A handwritten signature in cursive script that reads 'Sherry Gainey'.

Sherry Gainey  
Contracts Coordinator  
AAA Auto Club South
