

September 29, 2009

For almost two decades Atlantic Southern Paving has been one of our preferred vendors. They offer professional service with quality workmanship, and deliver a superior product at competitive pricing.

With over 100 shopping centers in the Florida Region, we are extremely selective when choosing contractors to perform work on our properties. Atlantic Southern Paving has the right combination of outstanding customer service, skilled crews, and expertise.

Over the years they have performed various projects for us such as asphalt overlays, seal coating/stripping, pavement rejuvenation and drainage projects. They always completed the projects in a timely manner with minimal disruption to our customers.

Our Property Management team gives Atlantic Southern Paving an "A+" rating and highly recommends their services to others.

With our thanks for your continued excellent standards,

A handwritten signature in black ink, appearing to read "Cynthia Phillips", with a long, sweeping flourish extending to the right.

Cynthia Phillips, Director of Property Management-FL Region  
Kimco Realty Corporation
