

Orangemen Development and Construction Corporation
Certified General Contractors
CGC 1508462

November 13, 2009

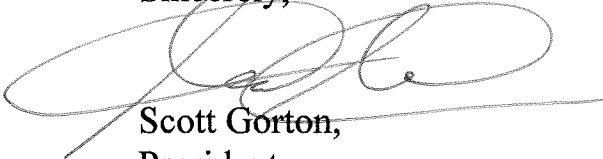

Dear Prospective Client,

Orangemen Development & Construction Corporation (ODCC) is a licensed and insured General Contracting firm that is actively engaged in the state of Florida construction industry since 1992. ODCC believes that in order to maintain our growth, it is important to build and maintain long-standing relationships with all of our clients. We rely on our specialty subcontractors, like Atlantic Southern Paving, to provide exceptional work, complete projects on-time and with competitive pricing and provide the best work possible for our customers.

I want to thank Atlantic Southern Paving's staff for many years of dedicated service to Orangemen and to our many property owners and managers. Atlantic Southern Paving takes pride in the jobs they complete, whether large or small, and has worked with us on a variety of project types such as banks, shopping centers, Office buildings, warehouse parks, gas stations, and several of our own facilities. We have come to rely on their expertise in the paving and parking lot maintenance area to help us offer a full-service solution to our customers.

Atlantic Southern Paving values customer service as much as we do and I am happy to call them one of our service partners. I look forward to continuing our business relationship with Atlantic Southern Paving.

Sincerely,

Scott Gorton,
President

Orangemen Development & Construction Corp.
